## EXPERIENCE

### Educator

- *Caringbah High School*

2015-present

- *Bethany College*

2014-present

- *Private Studio*

2010-present

In my work as a piano teacher I strive to encourage and nurture a passion for music in my students. I believe it is essential to find engaging and relevant repertoire to inspire individual learning and exploration in the practice room. This includes a mixture of Classical, Jazz, Contemporary and AMEB pieces in addition to technical work. As a working musician I believe in the importance of live performance and urge students to seek and participate in recital opportunities. In addition to teaching, I have also worked extensively as an AMEB and HSC accompanist in schools and with the Arts Unit' Talent Development Project.
